Clinton and Dorenda Wheat, children of Mr. and Mrs. Darrell Wheat, carried the crown and bouquet of red roses.

Other ex-student nominees were Mrs. August McWilliams of Winters; Mrs. O. H. Weaver, Mrs. W. W. Wallace, Mrs. Bill Shira and Mrs. Bob Carter of Levelland.

The business session Saturday afternoon was opened by the high school stage band in the auditorium. Miss Lola Milstead was mistress of ceremonies. Johnny Stovall gave the invocation.

Supt. C. F. Cook welcomed all exes and invited them to return for the 1966 Homecoming. B. V. Newberry, principal, made announcements.

All of the ex-student nominees were introduced by Mrs. Riddle, the 1964 queen. Tommy Ferguson introduced the high school nominees.

Johnny Stallcup First Day High Dollar Salesman In P-TA Drive

Johnny Stallcup was high dollar salesman for the first day in the Parent-Teachers magazine and newspaper drive now underway. Johnny, son of Mr. and Mrs. H. D. Stallcup, is in the sixth grade. He received a six-transistor radio for having the most in sales on the first reporting day.

Students in Miss Lola Milstead's room were winners of the chocolate candy bars for being the room to sell the most subscriptions.

The magazine drive is held annually and this year subscriptions to The Hamlin Herald are also being sold. Proceeds from the drive go to finance the many projects sponsored by the P-TA.

Junior high students are working for prizes that include keychains, games, flashlights, field glasses, cameras, wallets, transistor radio, clocks and wrist watches. All junior high students who sell subscriptions get a prize depending on the number that they sell.

In the elementary building the youngsters are working for cash room prizes for Herald sales. The report Monday indicated that the students in Mrs. Earl Brown's room were ahead but were being followed

closely by those in Mrs. Ethel Allan's room.

All Herald subscriptions turned in on Monday will receive that week's issue. The new magazine subscriptions will be sent in after the drive closes Oct. 25. All renewals will be extended a year from the present date of expiration.

County to Vote On Wolf Trapper November 2

Whether or not Jones County shall retain its wolf trapper will be determined at a special election to be held Tuesday, Nov. 2. County commissioners set the date Monday after having been presented a petition bearing more than 60 signatures.

On the same day, citizens will vote on 10 proposed amendments to the Texas constitution. All voting boxes in the county will be used.

Charley Myatt is the county trapper, having served in that capacity for a number of years. His salary is paid partly by the state and partly by the county. The county's share is \$225 per month and was increased this summer.

Supplies and some expense money also come from the state.

Question of employing the trapper has come up from time to time and evoked more than customary discussion this summer when the county's share of the cost was increased. Some commissioners wanted to discontinue use of the trapper but others held that inasmuch as use of the trapper was voted by the citizens, the question should again be resolved by the voters.

Several petitions have been in circulation for more than 30 days but only one was presented Monday.

In other action, the commissioners accepted quarterly report of Clinton Barrow Jones County Veterans Service Office and his assistant, Stanley Hall of Stamford.

Sandra Walden, three-year old daughter of Mr. and Mrs. Raymond Walden, went to Dallas Tuesday for her two-year checkup. Sandra had open heart surgery in Dallas when she was thirteen months old.

FFA Chapter Selling Halloween Candy This Year

The Hamlin FFA Chapter has begun its annual sale of Halloween candy. The special packaged "trick or treat" candy sale for \$1.00 a bag, and may be obtained from members of the local chapter.

This is the main fund raising activity of the local chapter for the year. Proceeds of the candy sale will be used to send members to the Area II and State FFA conventions next summer. The funds will also be used to help finance the annual Father-and-Son Banquet held each spring to honor parents and friends of the local chapter.

New Telephone Directories Go Into Mail Thursday

Copies of the Hamlin Telephone directory will be mailed to customers on Thursday, Oct. 21, according to Joel Hurley, manager for Southwestern Bell Telephone Company.

The cover will be of white stock, overprinted in blue ink. There will be 16 "white" or alphabetical pages and 40 classified or Yellow Pages.

Hurley said that almost 3,000 copies of the new directories have been printed but not all of them will be mailed to customers at this time. He explained that additional copies are always prepared to have on hand for new customers moving to this area and as replacements for books in heavily used locations like public telephone booths.

Volume 59 to Be Extended 2 Weeks To Match Birthday

According to the Volume Numbers of the Hamlin Herald, the paper should be 60 years old this week but according to back records the birthday is not until the first week of November.

So that the paper can carry Volume 60, Number 1, the first issue of November this issue is issue number 53 and next week will be number 54.

This discrepancy was probably brought about by the fact that some years, like last year, have 53 publication days in them.

Lions Club to Hold Two-Day 'Broom Sale' Starting Monday

Members of the Hamlin Lions Club will be "peddling brooms" here Monday and Tuesday as they hold their annual broom sale in cooperation with the Blind Caravan. Each year the club brings the Caravan to town and sells brooms, mops, and other household goods made by blind people.

The truck will arrive at 10 a.m. Monday and will be on Southwest Third by Farmers and Merchants National Bank through Tuesday.

The goods will be sold door-to-door in the residential area and downtown on both days. Merchandise will be displayed

Local Youth to Take Part In Annual CROP Drive Wednesday

Hamlin young people will take part in the annual CROP drive here Wednesday, Oct. 27.

High School students will meet immediately after school in the auditorium to get instructions and materials. Junior high students will meet in the junior high study hall after school. They will report back to their respective buildings following the drive that is expected to take about one and one-half hours.

Cars will be needed and any parents who can help are asked to meet at one of the buildings.

Once each year, in October, the Youth of Hamlin knocking on doors to receive contributions to CROP. "In no other way will pennies, dimes or dollars buy so much help for the suffering and needy people of the world," says the chairman of the drive, Rev. Tommy Ewing. He gives the following examples: 25 cents will give 10 children bread and milk every day for a month; \$1.00 will provide over 300 pounds of food under this phase of the program.

But CROP does more than provide transportation and handling costs for distributing commodities given by our government. It provides additional items of food, cotton and assistance for agricultural production with gifts from the American people.

Some examples of what your gifts will do apart from the surplus program are: \$2.00 will provide a hoe for the Congo to help turn jungles into productive gardens; \$4.00 will provide rice to feed one child a meal a day for a year in the Church World Service Child Feeding Program in Hong Kong.

Literary Club To Meet Friday

Mrs. Byron Bryant will be the hostess for the Friday afternoon meeting of the Woman's Literary Club, at 3 p.m.

The Americanism program will be a review of "The Making of the President-1964" by Theodore H. White. Mrs. R. D. Moore will give the review.

Heavy Rains Halt Harvest; Aid Area Wheat

Rains here Thursday night and Monday morning stopped the cotton harvest for several days but have been a boon for the area's wheat and livestock. Sunshine Tuesday and Wednesday aided in drying the fields and it is expected that the harvest will continue on Friday.

All cotton on the yard at Hamlin Farmers Coop Gin had been ginned Wednesday morning. The gin had processed 875 bales by noon.

At Neida, the Farmers Cooperative Gin had processed 180 bales by Wednesday and it is expected that the harvest will get underway in that area on Monday. Some of the fields are just now mature enough for harvesting.

Bridge Winners

Mr. and Mrs. Henry Albritton were first place winners in the Tuesday evening play of Hamlin Duplicate Bridge Club.

Harvey Elkins and Preston Morrow of Rotan were second and Mrs. Holly Toler and Mrs. G. W. Comegys were third.

Hamlin to Host Haskell Friday

The Pied Pipers will be trying to stay in the top division here Friday night when they host the Haskell Indians in their third district contest. The Pipers are one and one in district play and Haskell is one and two.

Stamford is the only common opponent of the two teams with Hamlin winning 7-0 and Haskell winning 14-6. Haskell has lost to Winters and Colorado City in their other district outings while Hamlin lost to Ballinger.

In the 17 times these two teams have met since 1943, Haskell has won 12 times and Hamlin 5. The Pipers won last year when the two met, 13-7.

The Indians possess the best overall team speed in the district and while they are a little short on size the speed more than makes up for it. For the most part the Indians like to run with the ball and only pass when necessary.

Three of the four in the backfield started against Hamlin last year, these are Bobby Watson at quarterback

Thornton Gilmore at righthalf, and Kenneth Felker at fullback. The other back is George Sherman at leftback. Gilmore is the team's top back with Watson next.

In the line will be Ray Herren at right end, Jack Melton at left end, Bill Perry at right tackle, Frankie White at left tackle, Derrel Davis at right guard, Glen Smart at left guard, and Paul Hiebert at center.

FAIRVIEW NEWS

The news is all wet this morning, two and a half inches of rain fell last night in this vicinity. Am sure every one is happy over the way it fell for the forecast was for hail and winds up to 60 miles an hour. With most or all of your years work in the field, that makes chills up and down your spine, but the Good Lord was with us, we only received a nice rain without any wind or hail.

Cotton gathering was going in high last week, before the wet weather set in. Many have their cotton defoliated and ready to strip, many have a lot of it gathered and quite a few are having theirs hand pulled, so the gins were receiving a lot of cotton to be ginned. Cotton is turning out better than had been anticipated in most sectors.

Visitors in church Sunday, and Sunday night were Mr. and Mrs. Cross, of Dallas, cousins of Mr. Roy Watts, who were visiting them.

Mr. Jonathan Wilson, of Abilene, former resident of our community, spent Saturday night with Mr. and Mrs. Joe Ford and attended church Sunday morning.

Rev. and Mrs. Kenneth Leverett and children went to Abilene Friday afternoon and stayed until Sunday morning with her mother, Mrs. Tanner. They attended the revival at the First Baptist, in Abilene, both Friday and Saturday nights.

It seems that all of our people turned out Saturday for Homecoming parade, in Hamlin. Not having attended any of the other activities, can't report on them, but the parade was one for any one to be proud of. We know that it takes a lot of hard work to prepare the beautiful floats. The girls all looked pretty, the boys handsome, and the candidates for Queen of the exes looked especially pretty in a mature way of course but there is more than one age of beauty.

We out this way were proud of the winner, Mrs. Joye Graham Walton, for she was reared in this community, having attended the old Wise Chapel School, when she was growing up, and they lived here after their marriage.

Mr. and Mrs. Joe Ford went to Abilene Saturday, where they visited with a daughter, Mr. and Mrs. Willard Herrington and Boys.

Nancy Ford came home from Denton, to spend the weekend, and attend the Homecoming festivities.

Kay McCoy was also home from Texas Tech, for the weekend.

Mr. and Mrs. George Wainwright went to Miles, Sunday, where they visited with Mr. and Mrs. Roy Bristow.

Mrs. Elmer Joiner and Mrs. Woodrow Goodwin went to Abilene, last Thursday and carried Mrs. Lois Hampton to the Rehabilitation Center. Mrs. Hampton is steadily improving, they are trying to teach her to walk, with a special crutch for her useless arm. She indicated that she had walked back and forth across the room several times, Thursday. Her speech is also improving, she being able to say lots of words.

Mr. and Mrs. J. D. King spent from Sunday until Tuesday, of last week, with her sister, Mr. and Mrs. Fred Rosenbaum. They came for

the funeral of his mother, Mrs. King, a long time resident of the Hitson community, which was held Saturday morning.

Mr. and Mrs. George Wainwright had two of their children and their families, Saturday. Mr. and Mrs. Jack Peters and children, Stamford and Mr. and Mrs. Nathan Stephens and children, from Odessa. The Nathan Stephens were enroute to Oklahoma to attend a family reunion of her family, honoring her great grand mother, who is 97 years old.

Mrs. Wainwright reports that they heard from Jimmy, after he reached Hawaii and he said it was even more beautiful than he had anticipated. If you have to be away from home it is really nice to be in such a pretty place.

It seems that the weather picks Thursday night to act up, but it waited until Daniel Boone had conquered all of his foes Thursday night, before it started, in fact was one of the fastest clouds I ever saw, come up. When it started thundering my husband remembered that he had failed to put the can on the pipe of the tractor he had been driving and wanted me to go with him out west of town. Not wanting to get out in the thunder and lightning, but remembering that I promised nearly 42 years ago, for better or worse, I went along, thinking we could surely get home before it hit. Instead of getting home, we met it out west of town and I will admit that it was one of the times that I was "scared to death". The rain was pouring, it was hailing and the lightning was a continual flash, with some terrible booms of thunder, but we managed to get home without any mishap. It was almost unbelievable that only three or four tenths inch of rain fell, for to be in it seemed like another Noah's flood.

Mr. and Mrs. Henry Keene came by Sunday night, leaving a note, enroute home from San Antonio, where she had spent two weeks with her brother, Sonny Joiner, who had surgery. He went home last Friday and is recovering nicely, having driven his car home from the hospital.

Mr. and Mrs. Henry were all wondering where they took off for this time. It is wonderful to enjoy going places, as they do, at their age. Most of us that are few years younger, find it easier to stay home when we can.

The Hamlin First Baptist Church buys a pastors Home. The cottage is just north of the Wilson rooming house. This is an important step in the life of the church.

A Big Day on the way. Wed. Nov. 3, . . . Jones Bro. Big 3 Rena Trained Wild Animal Show is coming to Hamlin.

A few suggestions for Boosting your city. . . Don't be the man who put sit in city. Building good houses builds a good town. Save a little money and save a lot of worry. Good roads lead not only to town but to money. Be a live one and the town will never be a dead one. When some one plans to help the town plan to help the plan. The best plans a man can have to the future is house plans. A good way to make the world better is to begin with the home town. A town is like a perambulator; it isn't much good unless it is pushed. Don't spend all your time telling what you could do if you had some time. Be like a ball player. The thing he is working for is home. Be one of the leaders of the town if you

can, but, anyway keep up. Don't be a grouch. Everybody in this town wishes you well, even the doctor. Let's not be trying to stop something all the time. Let's start something. A good town will do more keep the boys at home than good advice. A good town is like a girl. It's wonderful what a little fixing up will do for her. More next week.

REACHING NEW Heights

Man has explored most of the earth, and has now set out to conquer space.

While achieving these marvelous works, let us not forget our creator.

"When I consider thy heavens, the work of thy fingers, the moon and the stars, which thou hast ordained; what is man that thou art mindful of him? and the son of man, that thou visitest him? For thou hast made him a little lower than the angels, and hast crowned him with glory and honour. Thou madest him to have dominion over the works of thy hands; thou hast put all things under his feet..."

ATTEND CHURCH SUNDAY

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Neinda Philosopher Opposes Tax On Fat People As Revenue Source

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 acknowledges a letter from a reader this week.

Dear Editor:
Ordinarily I don't answer mail, the post office department has enough to do as it is, but a letter from a college professor has found its way to this Johnson grass farm and due to the fact it concerns the most pressing problem facing America today -- how to find new sources of tax revenue faster than Congress passes new legislation -- I have decided to acknowledge it.

According to it, a new source of revenue was discovered in ancient Gaul centuries ago. They taxed fat people. They set up a legal size for a stomach and any man whose bay window went beyond the limit was taxed proportionately. I think it was called a luxury tax.

I have been thinking this matter over and while it has possibilities, it has some drawbacks too.

In the first place, it would never get past Congress. I wouldn't say Congressmen are any fatter than the rest of

the country, but there are enough fat ones that the girth limit would be set so high most people would escape the tax.

In the second place, you bring everybody in this country down to a size 30 waist and it's wreck agriculture. As it is now, every time a television commercial comes on telling woman to eat one meal a day and spend the other two drinking a can of low-calorie stuff, the government has to put up a dozen more surplus grain storage bins.

Reduce the waist of the 50 million people in this country who are out of shape and you reduce the consumption of cloth by at least twenty per cent.

This country needs new sources of tax revenue. I estimate at least one for every new planet we land on, but taxing fatness is too dangerous. It may have worked in ancient Gaul, I don't know. All I know is that ancient Gaul ain't around anymore. At least I don't believe it is. I never have seen it mentioned in any of the lists of countries we're sending surplus grain to.

Penalties, Fumbles and Life-less Offensive Effort Bring 0-0 Tie

Penalties, fumbles, and a life-less offensive effort produced a 0-0 tie for the Pied Pipers in their Homecoming game here Saturday night with the Cisco Lobos. The Pipers drew penalties all during the game that put enough strain on their weak offensive showing to stop any drive that they might have been able to put together.

A 15-yard clipping penalty also caused the only touch-down made in the game to be brought back to the 34 yard line. This would-be score was a beautiful 74 yard punt return by Sammy Ferguson, who raced down the right side of the field, dodging would be tacklers all the way and went into the end zone standing up. But it was to no avail as Hamlin was charged with clipping at the 19 and penalized back to the 34.

Cisco's offense was held in check most of the game by the Piper defense as they could put together only one scoring threat, this coming in the first quarter. The Lobos drove from their 32 down to the Hamlin 11 before being stopped.

The Pipers missed a good scoring opportunity early in the game as Scotty Brown returned a Lobo punt 51 yards.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

Austin. -- Campaigns now are underway for and against the 10 proposed constitutional amendments to be voted on November 2.

However, little is being said on behalf of perhaps the most controversial of all the proposals -- extending the terms of office of the governor and other statewide officials to four years. Gov. John Connally promised an all-out drive for it. Organized labor strongly opposes the term stretch-out.

A 46-member committee of leading citizens, headed by Dallas banker Ben H. Wooten, is pushing Amendment 1 to increase the state college property tax levy for college building purposes from five to 10 cents. Opposition to the tax increase is developing in San Antonio.

State Bar Association is battling for Amendment 8. It provides for automatic retirement of over-age judges and sets up a commission to recommend disciplinary action against misbehaving judges.

A variety of groups have kind words to say for Amendment 2 to increase the Veteran's Land Fund to \$200,000,000 and revive the program of long-term, low-interest loans to veterans for farm-ranch land buying. But there is opposition here, too.

Other amendment proposals: Permitting Texas' participation in cooperative federal-state programs of assistance to and medical care for aged, needy and handicapped; clarifying investment authority for the board of trustees of the teacher retirement system; authorizing the Legislature to set up an \$85,000,000 student loan fund; exempting certain hospitals from local property taxes; permitting the Legislature to raise salaries of Speakers of the House and Lieutenants of the House and to increase Lawmakers' expense allowances from \$12 to \$20 a day; and lengthening terms of state representatives from two to four years.

Many observers have expressed concern that opposition to the four-year terms amendments may spread over to other less controversial measures. A light voter turnout is forecast.

Caution Urged In Handling Arsenic Cotton Desiccant

Jones County Cotton Farmers were urged this week by county agent, Kirby Clayton to use precaution in the handling and use of Arsenic Cotton desiccant. Local farmers have already begun to report cattle being poisoned from the use of Arsenic Acid, and unless proper precautions are exercised in its use other cases will follow, says Clayton.

The agent cautions against farmers, spraying cotton fields adjoining pastures or fence rows where cattle are apt to be grazing. Mr. Clayton also encourages the proper disposal of Arsenic Acid containers which may be flushed into rivers, streams or tanks which contaminate water supplies.

Cattle should not be allowed to graze any fields which have been treated with Arsenic Acid, neither should the burs be fed to livestock.

Gil Lain Granted Membership

Gil Lain, 15, Hamlin, has been granted a junior membership in the American Angus Association at St. Joseph, Missouri, announces Glen Bratcher, secretary.

This new junior membership entitles the member to register purebred Angus at regular membership rates and to the privileges of the Association until the age of 21. At that time junior members are eligible to convert to lifetime memberships in the Association.

There were 191 young people in the United States to receive junior memberships last month.

The students and teachers of HHS have resumed their normal pace after the busy Homecoming weekend. There were tears of joy and tears of disappointment as the Queens were crowned Saturday night. Cynthia Stephens and Mrs. Joye Walton were our happy Queens. Congratulations from the students and faculty of HHS.

The Piper Band returned last Wednesday from their trip to Dallas. We are glad to have them back, but it was surely quiet and peaceful without them.

The Juniors were all smiles Monday morning as they learned that their float had received a first. The Seniors, not so lucky, received a second. The Sophomore class also won a first with their "Blooming Out For Homecoming." The FFA rated a second, and the Freshman class's "Cleaning Out For Homecoming" won a third.

Yea! At last the long-awaited uniforms of the Pep Squad have been received. They were issued just in the nick of time for Homecoming. The Pep Squad girls would like to extend their thanks to Mr. Cook, Mr. Newberry, Miss Mitchell, and the school board.

Eight members of the civics class, under the supervision of Mrs. Gibson, gave a debate to HHS Friday afternoon. The affirmative, headed by Estel Willis, included Judy Jenkins, Alice Erwine, and Jan Albritton. The head of the negation was Chris Head, assisted by Jimmy Hawkins, Mike Smith, and Gary Hester. The question of debate was - "Should the U. S. be in Viet Nam?"

The time keepers were Gary Woolf and Danny Warner. Although good arguments were given by both sides, the affirmative was chosen as the more convincing. Many of the Senior students

Local Store Joins 'Share With CARE' Retail Program

Many types of American retail stores are among those helping to salute CARE (Cooperative American Relief Everywhere, Inc.) this Fall in honor of its 20th Anniversary. Edgar Duncan of Piggly Wiggly, has announced here. "During the month of October and continuing through Nov. 20, Piggly Wiggly will be honoring America's unique self-help program for people overseas by everyone to 'Share with CARE'." Mr. Duncan stated.

To "Share with CARE", anyone purchasing such well-known household products as Bayer Aspirin, Phillips' Milk of Magnesia, Fletcher's Cas-

toria, Midol and others, during this period, will have these products or medical supplies equivalent to the amount of his purchase donated to this distinguished American relief agency by Sterling Drug's Glenbrook Laboratories Division. Complete information is available at Piggly Wiggly store.

"Share with CARE" is a way to salute this organization on its 20th Anniversary in recognition and appreciation of its help in making friends for our country overseas. I hope that everyone will take advantage of this unusual opportunity of supporting CARE," Duncan stated.

Details on "Share with CARE" will be prominently displayed by all participating stores in the Hamlin area.

That evening 4500 musicians from 17 Texas schools, a Georgia Band, the Texas State Choir and Symphony Orchestra presented a pageant in the Cotton Bowl. In the formation shown, the Hamlin bandmen form the handle and a portion of the cup, left.

The combined bands played "All the Coffee in Brazil." The band also presented a 30-minute concert on the fair mid-way at noon Monday. They returned home Tuesday after spending several hours on the fairgrounds. They were accompanied by Tim Jones, director, Gus Young, and Supt. C. F. Cook.

The McCaulley school will have their Halloween Carnival on Oct. 30. As always there will be games played, prizes won, and songs sung. After everyone has spent all the money they can afford to spend, the evening will be climaxed with the crowning of the high school, junior high and grade school carnival kings and queens.

The high school candidates are Debbie McCright, Phillip Maberry, freshmen; Lana Acklin, Rickey Jeffery, sophomores; Linda Spalding and Spurlon Harris, juniors; Barbara Griffin and Bobby Self, seniors.

Junior High candidates are:

Connie Dowell, Dee Acklin, eighth grade; Elvia Guerra, Mack Cook, seventh grade; Polly Spalding, Johnny Delo Santos, sixth grade.

Grade school candidates are: Suzanne Cook, Daniel Benavides, fifth; Kathy Maberry, Jimmy Allred, fourth; Tiny Smart, Ronnie Kiser, third; Iris Guerra, Jamie Law, second; Fonda Jeffery, Max Kemp, first.

The queen and king will be chosen by the student body. McCaulley's junior high

football team didn't have a game last week, but they'll be in extra good shape for their game this week with Highland.

Our high school football boys played a great game Friday night, with the Central Catholic Chargers, at McMurry Stadium. Central's boys tried hard and it looked as if they might catch up with us in the fourth quarter, but, fortunately, they didn't. We won the game with a score of 35-27. We hated to mess up Central's planned "Victory Party" but that's the way things go.

McCaulley's Junior and Senior Classes got out of school Thursday and sold ads for their annual. We all hated to miss classes, but if we want an annual, it had to be done.

Well, the trip to the State Fair was cancelled. The seniors all had something better to do Saturday night than go to a fair, so it was put off til Oct. 1966. The Freshmen were pretty disappointed, but there will always be a next time.

There has been a change in the school schedule for the next three weeks so that students picking cotton can come to school. Classes are starting at 7:15 a.m. and dismissing

at 1:30 p.m. instead of the regular schedule of 8:30 a.m. to 3:15 p.m.

It's nice getting out two hours early, but 7 o'clock surely comes early. We have to go to bed at 10 if we don't want to fall asleep in Geometry Class!!!

Jackie Buske, FFA Member Showing Heifer At Fair

Jackie Buske, a senior member of the Hamlin FFA Chapter, is exhibiting a registered Aberdeen-Angus heifer this week at the State Fair of Texas in Dallas.

Earlier this year Jackie exhibited the heifer at the Jones County Fair and the West Texas Fair in Abilene.

Accompanying Jackie to the State Fair are his parents Mr. and Mrs. Jack Buske of the Tuxedo community.

Jackie feeds under the supervision of T. C. Blankinship and Milburn Wink, local teachers of vocational agriculture.

Margie Young of Lubbock Christian College spent the week end with her parents, Mr. and Mrs. Gus Young.

Meet MY COUNTRY COUSIN

This young rural housewife is really no different from her city cousin. Rural electrification with its marvelous conveniences liberates her from drudgery, brightens her day, lightens her chores, and heightens her interest in the world around her. The member-owned Midwest Electric Cooperative has helped erase the lines between city and "country." They are doing it with a first rate electric utility they built themselves to serve themselves. In the process, the Midwest Electric Cooperative has strengthened the rural economy, attracted rural industry and provided a better, brighter world for its member-owners. Supt. C. F. Cook welcomed all exes and invited them to return for the 1966 Homecoming. B. V. Newberry, principal, made announcements.

All of the ex-student nominees were introduced by Mrs. Riddle, the 1964 queen. Tommy Ferguson introduced the high school nominees.

lin Garden Club, \$15; Jaycoettes, \$10.

He expressed his appreciation to the chairmen and the committees who worked on all phases of Homecoming. Special thanks was also extended to the BCD, the schools, businesses and clubs whose participation in the parade and other activities contributed to the success of the Homecoming.

Johnny Stallcup First Day High Dollar Salesman In P-TA Drive

Johnny Stallcup was high dollar salesman for the first day in the Parent-Teachers magazine and newspaper drive now underway. Johnny, son of Mr. and Mrs. H. D. Stallcup, is in the sixth grade. He received a six-transistor radio for having the most in sales on the first reporting day.

Students in Miss Lola Milstead's room were winners of the chocolate candy bars for being the room to sell the most subscriptions.

The magazine drive is held annually and this year subscriptions to The Hamlin Herald are also being sold. Proceeds from the drive go to finance the many projects sponsored by the P-TA.

Junior high students are working for prizes that include keychains, games, flashlights, field glasses, cameras, wallets, transistor radio, clocks and wrist watches. All junior high students who sell subscriptions get a prize depending on the number that they sell.

In the elementary building the youngsters are working for cash room prizes for Herald sales. The report Monday indicated that the students in Mrs. Earl Brown's room were ahead but were being followed

closely by those in Mrs. Ethel Allan's room.

All Herald subscriptions turned in on Monday will receive that week's issue. The new magazine subscriptions will be sent in after the drive closes Oct. 25. All renewals will be extended a year from the present date of expiration.

County to Vote On Wolf Trapper November 2

Whether or not Jones County shall retain its wolf trapper will be determined at a special election to be held Tuesday, Nov. 2. County commissioners set the date Monday after having been presented a petition bearing more than 60 signatures.

On the same day, citizens will vote on 10 proposed amendments to the Texas constitution. All voting boxes in the county will be used.

Charley Myatt is the county trapper, having served in that capacity for a number of years. His salary is paid partly by the state and partly by the county. The county's share is \$225 per month and was increased this summer.

Supplies and some expense money also come from the state.

Question of employing the trapper has come up from time to time and evoked more than customary discussion this summer when the county's share of the cost was increased. Some commissioners wanted to discontinue use of the trapper but others held that inasmuch as use of the trapper was voted by the citizens, the question should again be resolved by the voters.

Several petitions have been in circulation for more than 30 days but only one was presented Monday.

In other action, the commissioners accepted quarterly report of Clinton Barrow Jones County Veterans Service Office and his assistant, Stanley Hall of Stamford.

Sandra Walden, three-year old daughter of Mr. and Mrs. Raymond Walden, went to Dallas Tuesday for her two-year checkup. Sandra had open heart surgery in Dallas when she was thirteen months old.

FFA Chapter Selling Halloween Candy This Year

The Hamlin FFA Chapter has begun its annual sale of Halloween candy. The special packaged "trick or treat" candy sale for \$1.00 a bag and may be obtained from members of the local chapter.

This is the main fund raising activity of the local chapter for the year. Proceeds of the candy sale will be used to send members to the Area II and State FFA conventions next summer. The funds will also be used to help finance the annual Father-and-Son Banquet held each spring to honor parents and friends of the local Chapter.

New Telephone Directories Go Into Mail Thursday

Copies of the Hamlin Telephone directory will be mailed to customers on Thursday, Oct. 21, according to Joel Hurley, manager for Southwestern Bell Telephone Company.

The cover will be of white stock, overprinted in blue ink. There will be 16 "white" or alphabetical pages and 40 classified or Yellow Pages.

Hurley said that almost 3,000 copies of the new directories have been printed but not all of them will be mailed to customers at this time. He explained that additional copies are always prepared to have on hand for new customers moving to this area and as replacements for books in heavily used locations like public telephone booths.

Volume 59 to Be Extended 2 Weeks To Match Birthday

According to the Volume Numbers of the Hamlin Herald, the paper should be 60 years old this week but according to back records the birthday is not until the first week of November.

So that the paper can carry Volume 60, Number 1, the first issue of November this issue is issue number 53 and next week will be number 54.

This discrepancy was probably brought about by the fact that some years, like last year, have 53 publication days in them.

Lions Club to Hold Two-Day 'Broom Sale' Starting Monday

Members of the Hamlin Lions Club will be "peddling brooms" here Monday and Tuesday as they hold their annual broom sale in cooperation with the Blind Caravan. Each year the club brings the Caravan to town and sells brooms, mops, and other household goods made by blind people.

The truck will arrive at 10 a.m. Monday and will be on Southwest Third by Farmers and Merchants National Bank through Tuesday.

The goods will be sold door-to-door in the residential area and downtown on both days. Merchandise will be displayed

on the sidewalk at the truck for downtown shoppers' convenience.

B. V. Newberry is chairman of the project.

The merchandise is manufactured by the Lighthouse for the Blind and the Lions Club will receive a commission on the sales made here. The money will be used in their various local civic projects such as glasses for needy school children.

Leldon Clifton, president, said "The annual Broom Sale is one of the major projects of the local club each year, and has always received gratifying support by the citizens of Hamlin."

Local Youth to Take Part In Annual CROP Drive Wednesday

Hamlin young people will take part in the annual CROP drive here Wednesday, Oct. 27.

High School students will meet immediately after school in the auditorium to get instructions and materials. Junior high students will meet in the junior high study hall after school. They will report back to their respective buildings following the drive that is expected to take about one and one-half hours.

Cars will be needed and any parents who can help are asked to meet at one of the buildings.

Once each year, in October, the Youth of Hamlin knocking on doors to receive contributions to CROP. "In no other way will pennies, dimes or dollars buy so much help for the suffering and needy people of the world," says the chairman of the drive, Rev. Tommy Ewing. He gives the following examples: 25 cents will give 10 children bread and milk every day for a month; \$1.00 will provide over 300 pounds of food under this phase of the program.

But CROP does more than provide transportation and handling costs for distributing commodities given by our government. It provides additional items of food, cotton and assistance for agricultural production with gifts from the American people.

Some examples of what your gifts will do apart from the surplus program are: \$2.00 will provide a hoe for the Congo to help turn jungles into productive gardens; \$4.00 will provide rice to feed one child a meal a day for a year in the Church World Service Child Feeding Program in Hong Kong.

Literary Club To Meet Friday

Mrs. Byron Bryant will be the hostess for the Friday afternoon meeting of the Woman's Literary Club, at 3 p.m.

The Americanism program will be a review of "The Making of the President 1964" by Theodore H. White. Mrs. R. D. Moore will give the review.

Heavy Rains Halt Harvest; Aid Area Wheat

Rains here Thursday night and Monday morning stopped the cotton harvest for several days but have been a boon for the area's wheat and livestock. Sunshine Tuesday and Wednesday aided in drying the fields and it is expected that the harvest will continue on Friday.

All cotton on the yard at Hamlin Farmers Coop Gin had been ginned Wednesday morning. The gin had processed 875 bales by noon.

At Neinda, the Farmers Cooperative Gin had processed 180 bales by Wednesday and it is expected that the harvest will get underway in that area on Monday. Some of the fields are just now mature enough for harvesting.

Bridge Winners

Mr. and Mrs. Henry Albritton were first place winners in the Tuesday evening play of Hamlin Duplicate Bridge Club.

Harvey Elkins and Preston Morrow of Rotan were second and Mrs. Holly Toler and Mrs. G. W. Comegys were third.

Hamlin to Host Haskell Friday

The Pied Pipers will be trying to stay in the top division here Friday night when they host the Haskell Indians in their third district contest. The Pipers are one and one in district play and Haskell is one and two.

Stamford is the only common opponent of the two teams with Hamlin winning 7-0 and Haskell winning 14-6. Haskell has lost to Winters and Colorado City in their other district outings while Hamlin lost to Ballinger.

In the 17 times these two teams have met since 1943, Haskell has won 12 times and Hamlin 5. The Pipers won last year when the two met, 13-7.

The Indians possess the best overall team speed in the district and while they are a little short on size the speed more than makes up for it. For the most part the Indians like to run with the ball and only pass when necessary.

Three of the four in the backfield started against Hamlin last year, these are Bobby Watson at quarterback

Thornton Gilmore at righthalf, and Kenneth Folker at fullback. The other back is George Sherman at leftback. Gilmore is the team's top back with Watson next.

In the line will be Ray Herren at right end, Jack Melton at left end, Bill Perry at right tackle, Derrel Davis at right guard, Glen Smart at left guard, and Paul Hiebert at center.

SOPHOMORE CLASS WINS FIRST IN SCHOOL OPEN CLASS
Bob Clifton and Margaret Cooper on winning float

FAIRVIEW NEWS

The news is all wet this morning, two and a half inches of rain fell last night in this vicinity. Am sure every one is happy over the way it fell for the forecast was for hail and winds up to 60 miles an hour. With most or all of your years work in the field, that makes chills up and down your spine, but the Good Lord was with us, we only received a nice rain without any wind or hail.

Cotton gathering was going in high last week, before the wet weather set in. Many have their cotton defoliated and ready to strip, many have a lot of it gathered and quite a few are having their hand pulled, so the gins were receiving a lot of cotton to be ginned. Cotton is turning out better than had been anticipated in most sectors.

Visitors in church Sunday, and Sunday night were Mr. and Mrs. Cross, of Dallas, cousins of Mr. Roy Watts, who were visiting them.

Mr. Jonathan Wilson, of Abilene, former resident of our community, spent Saturday night with Mr. and Mrs. Joe Ford and attended church Sunday morning.

Rev. and Mrs. Kenneth Leverett and children went to Abilene Friday afternoon and stayed until Sunday morning with her mother, Mrs. Tanner. They attended the revival at the First Baptist, in Abilene, both Friday and Saturday nights.

It seems that all of our people turned out Saturday for Homecoming parade, in Hamlin. Not having attended any of the other activities, can't report on them, but the parade was one for any one to be proud of. We know that it takes a lot of hard work to prepare the beautiful floats. The girls all looked pretty, the boys handsome, and the candidates for Queen of the exes looked especially pretty. We out this way were proud of the winner, Mrs. Joyce Graham Walton, for she was reared in this community, having attended the old Wise Chapel School, when she was growing up, and they lived here after their marriage.

Mr. and Mrs. Joe Ford went to Abilene Saturday, where they visited with a daughter. Mr. and Mrs. Willard Herrington and Boys.

Nancy Ford came home from Denton, to spend the weekend, and attend the Homecoming festivities.

Kay McCoy was also home from Texas Tech, for the weekend.

Mr. and Mrs. George Wainwright went to Miles, Sunday, where they visited with Mr. and Mrs. Roy Bristow.

Mrs. Elmer Joiner and Mrs. Woodrow Goodwin went to Abilene, last Thursday and carried Mrs. Lois Hampton to the Rehabilitation Center. Mrs. Hampton is steadily improving, they are trying to teach her to walk, with a special crutch for her useless arm. She indicated that she had walked back and forth across the room several times, Thursday. Her speech is also improving, she being able to say lots of words.

Mr. and Mrs. J. D. King spent from Sunday until Tuesday, of last week, with her sister, Mr. and Mrs. Fred Rosenbaum. They came for

the funeral of his mother, Mrs. King, a long time resident of the Hitson community, which was held Saturday morning.

Mr. and Mrs. George Wainwright had two of their children and their families, Saturday. Mr. and Mrs. Jack Peters and children, Stamford and Mr. and Mrs. Nathan Stephens and children, from Odessa. The Nathan Stephens were enroute to Oklahoma to attend a family reunion of her family, honoring her great grand mother, who is 97 years old.

Mrs. Wainwright reports that they heard from Jimmy, after he reached Hawaii and he said it was even more beautiful than he had anticipated. If you have to be away from home it is really nice to be in such a pretty place.

It seems that the weather picks Thursday night to act up, but it waited until Daniel Boone had conquered all of his foes Thursday night, before it started, in fact was one of the fastest clouds I ever saw, come up. When it started thundering my husband remembered that he had failed to put the can on the pipe of the tractor he had been driving and wanted me to go with him out west of town. Not wanting to get out in the thunder and lightning, but remembering that I promised nearly 42 years ago, for better or worse, I went along, thinking we could surely get home before it hit. Instead of getting home, we met it out west of town and I will admit that it was one of the times that I was "scared to death". The rain was pouring, it was hailing and the lightning was a continual flash, with some terrible booms of thunder, but we managed to get home without any mishap. It was almost unbelievable that only three or four tenths inch of rain fell, for to be in it seemed like another Noah's flood.

Mr. and Mrs. Henry Kee came by Sunday night, leaving a note, enroute home from San Antonio, where she had spent two weeks with her brother, Sonny Joiner, who had surgery. He went home last Friday and is recovering nicely, having driven his car home from the hospital.

Mr. and Mrs. Henry were missing all day Sunday, we were all wondering where they took off for this time. It is wonderful to enjoy going places, as they do, at their age. Most of us that are few years younger, find it easier to stay home when we can.

FIFTY YEARS AGO Oct. 15, 1915

The Hamlin First Baptist Church buys a pastors Home. The cottage is just north of the Wilson rooming house. This is an important step in the life of the church.

A Big Day on the way. Wed. Nov. 3. . . Jones Bro. Big 3 Rena Trained Wild Animal Show is coming to Hamlin.

A few suggestions for Boosting your city. . . Don't be the man who put sit in city. Building good houses builds a good town. Save a little money and save a lot of worry. Good roads lead not only to town but to money. Be a live one and the town will never be a dead one. When some one plans to help the town plan to help the plan. The best plans a man can have to the future is house plans. A good way to make the world better is to begin with the home town. A town is like a perambulator; it isn't much good unless it is pushed. Don't spend all your time telling what you could do if you had some time. Be like a ball player. The thing he is working for is home. Be one of the leaders of the town if you

can, but, anyway keep up. Don't be a grouch. Everybody in this town wishes you well, even the doctor. Let's not be trying to stop something all the time. Let's start something. A good town will do more keep the boys at home than good advice. A good town is like a girl. It's wonderful what a little fixing up will do for her. More next week.

REACHING NEW

Heights

Man has explored most of the earth, and has now set out to conquer space.

While achieving these marvelous works, let us not forget our creator.

"When I consider thy heavens, the work of thy fingers, the moon and the stars, which thou hast ordained; what is man that thou art mindful of him? and the son of man, that thou visitest him? For thou hast made him a little lower than the angels, and hast crowned him with glory and honour. Thou madest him to have dominion over the works of thy hands; thou hast put all things under his feet..."

ATTEND CHURCH SUNDAY

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Neinda Philosopher Opposes Tax On Fat People As Revenue Source

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 acknowledges a letter from a reader this week.

Dear Editor:

Ordinarily I don't answer mail, the post office department has enough to do as it is, but a letter from a college professor has found its way to this Johnson grass farm and due to the fact it concerns the most pressing problem facing America today -- how to find new sources of tax revenue faster than Congress passes new legislation -- I have decided to acknowledge it.

According to it, a new source of revenue was discovered in ancient Gaul centuries ago. They taxed fat people. They set up a legal size for a stomach and any man whose bay window went beyond the limit was taxed proportionately. I think it was called a luxury tax.

I have been thinking this matter over and while it has possibilities, it has some drawbacks too.

In the first place, it would never get past Congress. I wouldn't say Congressmen are any fatter than the rest of

the country, but there are enough fat ones that the girth limit would be set so high most people would escape the tax.

In the second place, you bring everybody in this country down to a size 30 waist and it's wreck agriculture. As it is now, every time a television commercial comes on telling woman to eat one meal a day and spend the other two drinking a can of low-calorie stuff, the government has to put up a dozen more surplus grain storage bins.

Reduce the waist of the 50 million people in this country who are out of shape and you reduce the consumption of cloth by at least twenty per cent.

This country needs new sources of tax revenue. I estimate at least one for every new planet we land on, but taxing fatness is too dangerous. It may have worked in ancient Gaul, I don't know.

All I know is that ancient Gaul ain't around anymore. At least I don't believe it is. I never have seen it mentioned in any of the lists of countries we're sending surplus grain to.

Penalties, Fumbles and Life-less Offensive Effort Bring 0-0 Tie

Penalties, fumbles, and a life-less offensive effort produced a 0-0 tie for the Pied Pipers in their Homecoming game here Saturday night with the Cisco Lobos. The Pipers drew penalties all during the game that put enough strain on their weak offensive showing to stop any drive that they might have been able to put together.

A 15-yard clipping penalty also caused the only touch-down made in the game to be brought back to the 34 yard line. This would-be score was a beautiful 74 yard punt return by Sammy Ferguson, who raced down the right side of the field, dodging would be tacklers all the way and went into the end zone standing up. But it was to no avail as Hamlin was charged with clipping at the 19 and penalized back to the 34.

Cisco's offense was held in check most of the game by the Piper defense as they could put together only one scoring threat, this coming in the first quarter. The Lobos drove from their 32 down to the Hamlin 11 before being stopped.

The Pipers missed a good scoring opportunity early in the game as Scotty Brown returned a Lobo punt 51 yards

to give the Pipers the ball on the Cisco 34. But a five yard penalty and a third down fumble stopped them back on the 43.

Midway in the second quarter the Pipers started to move again as they made it from their 41 to the Lobo 27 before they drew a 15-yard penalty and they lost 10 yards. They were forced to punt from back on their 42.

Sammy Ferguson's punt return came early in the third quarter and after getting the ball on the 34 the Pipers made it down to the 22 before being set back with a five yard penalty. They managed to make only five yards in the next four plays.

Late in the third quarter the Pipers started moving again as they picked up three first downs in moving from their 33 to the Cisco 22. A fourth down pass play from Paul Long to James Ledbetter was just short of the first and Cisco took over again.

Hamlin blocked the Lobo punt following this exchange, giving the ball to Hamlin on the Cisco 30. But again, they drew a five yard penalty and came out just short of a first down on the 21.

The game closed out with Hamlin recovering a Lobo fumble, then giving it back on a fumble, then intercepting a Cisco pass and then passing incomplete for the last play of the game.

County Group on Aging, Mentally Ill Meets In Anson

Rev. W. T. Priddy, retired minister of Anson was elected chairman of the group, Mr. T. R. Tinsley of Stamford-Vice chairman and E. M. Connell of Anson, secretary.

The committee decided to make a survey of the needs in Jones County and to meet again in the next ten days for further plans.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

Austin. -- Campaigns now are underway for and against the 10 proposed constitutional amendments to be voted on November 2.

However, little is being said on behalf of perhaps the most controversial of all the proposals -- extending the terms of office of the governor and other statewide officials to four years. Gov. John Connally promised an all-out drive for it. Organized labor strongly opposes the term stretch-out.

A 46-member committee of leading citizens, headed by Dallas banker Ben H. Wooten, is pushing Amendment 1 to increase the state college property tax levy for college building purposes from five to 10 cents. Opposition to the tax increase is developing in San Antonio.

State Bar Association is battling for Amendment 8. It provides for automatic retirement of over-age judges and sets up a commission to recommend disciplinary action against misbehaving judges.

A variety of groups have kind words to say for Amendment 2 to increase the Veterans' Land Fund to \$200,000,000 and revive the program of long-term, low-interest loans to veterans for farm-ranch land buying. But there is opposition here, too.

Other amendment proposals: Permitting Texas' participation in cooperative federal-state programs of assistance to and medical care for aged, needy and handicapped; clarifying investment authority for the board of trustees of the teacher retirement system; authorizing the Legislature to set up an \$85,000,000 student loan fund; exempting certain hospitals from local property taxes; permitting the Legislature to raise salaries of Speak-

er of the House and Lieutenant Governor and to increase Lawmakers' expense allowances from \$12 to \$20 a day; and lengthening terms of state representatives from two to four years.

Many observers have expressed concern that opposition to the four-year-terms amendments may spread over to other less controversial measures. A light voter turnout is forecast.

Caution Urged In Handling Arsenic Cotton Desiccant

Jones County Cotton Farmers were urged this week by county agent, Kirby Clayton to use precaution in the handling and use of Arsenic Cotton desiccant. Local farmers have already begun to report cattle being poisoned from the use of Arsenic Acid, and unless proper precautions are exercised in its use other cases will follow, says Clayton.

The agent cautions against farmers, spraying cotton fields adjoining pastures or fence rows where cattle are apt to be grazing. Mr. Clayton also encourages the proper disposal of Arsenic Acid containers which may be flushed into rivers, streams or tanks which contaminate water supplies.

Cattle should not be allowed to graze any fields which have been treated with Arsenic Acid, neither should the burs be fed to livestock.

The students and teachers of HHS have resumed their normal pace after the busy Homecoming weekend. There were tears of joy and tears of disappointment as the Queens were crowned Saturday night. Cynthia Stephens and Mrs. Joye Walton were our happy Queens. Congratulations from the students and faculty of HHS.

The Piper Band returned last Wednesday from their trip to Dallas. We are glad to have them back, but it was surely quiet and peaceful without them.

The Juniors were all smiles Monday morning as they learned that their float had received a first. The Seniors, not so lucky, received a second. The Sophomore class also won a first with their "Blooming Out For Homecoming." The FFA rated a second, and the Freshman class's "Cleaning Out For Homecoming" won a third.

Yea! At last the long-awaited uniforms of the Pep Squad have been received. They were issued just in the nick of time for Homecoming. The Pep Squad girls would like to extend their thanks to Mr. Cook, Mr. Newberry, Miss Mitchell, and the school board.

Eight members of the civics class, under the supervision of Mrs. Gibson, gave a debate to HHS Friday afternoon. The affirmative, headed by Estell Willis, included Judy Jenkins, Alice Erwine, and Jan Albritton. The head of the negation was Chris Head, assisted by Jimmy Hawkins, Mike Smith, and Gary Hester. The question of debate was - "Should the U. S. be in Viet Nam?" The time keepers were Gary Wolf and Danny Warner. Although good arguments were given by both sides, the affirmative was chosen as the more convincing.

The Pep Squad, Band, student body, and faculty would like to say to the Football boys -- "BEAT HASKELL".

The McCaulley school will have their Halloween Carnival on Oct. 30. As always there will be games played, prizes won, and songs sung. After everyone has spent all the money they can afford to spend, the evening will be climaxed with the crowning

of the high school, junior high and grade school carnival kings and queens.

The high school candidates are Debbie McCright, Phillip Maberry, freshmen; Lana Acklin, Rickey Jeffery, sophomores; Linda Spalding and Sparlon Harris, juniors; Barbara Griffin and Bobby Self, seniors.

Junior High candidates are:

Connie Dowell, Dee Acklin, eighth grade; Elvia Guerra, Mack Cook, seventh grade; Polly Spalding, Johnny Delo Santos, sixth grade.

Grade school candidates are: Suzanne Cook, Daniel Benavides, fifth; Kathy Maberry, Jimmy Allred, fourth; Tiny Smart, Ronnie Kiser, third; Iris Guerra, Jamie Law, second; Fonda Jeffery, Max Kemp, first.

The queen and king will be chosen by the student body. McCaulley's junior high

football team didn't have a game last week, but they'll be in extra good shape for their game this week with Highland.

Our high school football boys played a great game Friday night, with the Central Catholic Chargers, at McMurry Stadium. Central's boys tried hard and it looked as if they might catch up with us in the fourth quarter, but fortunately, they didn't. We won the game with a score of 35-27. We hated to mop up Central's planned "Victory Party" but that's the way things go.

McCaulley's Junior and Senior Classes got out of school Thursday and sold ads for their annual. We all hated to miss classes, but if we want an annual, it had to be done.

Well, the trip to the State Fair was cancelled. The seniors all had something better to do Saturday night than go to a fair, so it was put off till Oct. 1966. The Freshmen were pretty disappointed, but there well always be a next time.

There has been a change in the school schedule for the next three weeks so that students picking cotton can come to school. Classes are starting at 7:15 a.m. and dismissing

at 1:30 p.m. instead of the regular schedule of 8:30 a.m. to 3:15 p.m.

It's nice getting out two hours early, but 7 o'clock surely comes early. We have to go to bed at 10 if we don't want to fall asleep in Geometry Class! ! !

Jackie Buske, FFA Member Showing Heifer At Fair

Jackie Buske, a senior member of the Hamlin FFA Chapter, is exhibiting a registered Aberdeen-Angus heifer this week at the State Fair of Texas in Dallas.

Earlier this year Jackie exhibited the heifer at the Jones County Fair and the West Texas Fair in Abilene.

Accompanying Jackie to the State Fair are his parents Mr. and Mrs. Jack Buske of the Tuxedo community.

Jackie feeds under the supervision of T. C. Blankinship and Milburn Wink, local teachers of vocational agriculture.

Margie Young of Lubbock Christian College spent the week end with her parents, Mr. and Mrs. Gus Young.

Meet MY COUNTRY COUSIN

This young rural housewife is really no different from her city cousin. Rural electrification with its marvelous conveniences liberates her from drudgery, brightens her day, lightens her chores, and heightens her interest in the world around her. The member-owned Midwest Electric Cooperative has helped erase the lines between city and "country." They are doing it with a first rate electric utility they built themselves to serve themselves. In the process, the Midwest Electric Cooperative has strengthened the rural economy, attracted rural industry and provided a better, brighter world for its member-owners. Midwest Electric Cooperative is helping Texas grow.

NOW! A WHOLE NEW SERIES OF ULTRA-LUXURIOUS CHEVROLETS

'66 CAPRICE

BY CHEVROLET

Caprice Custom Coupe—with exclusive formal roof line that comes on no other Chevrolet.

Caprice Custom Sedan—with superb new body by Fisher elegance inside and out.

Caprice Custom Wagon—with fine new look of hardwood paneling on sides and tailgate.

Everything it takes to create a distinguished luxury car has gone into these new Caprices.

Beneath the formal styling elegance that sets the Custom Coupe apart, for instance, you'll find thick wall-to-wall carpeting, comfort-contoured seats and the look of hand-rubbed walnut on the instrument panel, glove compartment and inside door panels. You can order a finely instrumented console, together with new Strato-bucket front seats.

In the Custom Sedan, a new Strato-back front seat is available with bucket-type contours separated by a fold-down

armrest. And in the equally opulent Custom Wagons, offered in 2- or 3-seat models, you can even order carpeting for the cargo area.

Each model rides super Jet-smooth. And for incomparably smooth power, you can specify Chevrolet's advanced Turbo-Jet V8 in either a 396- or 427-cubic-inch version.

The price of it all? Somewhat more than you're used to paying for a Chevrolet. But less, as your dealer will happily confirm—than the select class of fine cars these new Caprices invite comparison with in every detail.
